

Program: **APPLIED CHRISTIAN LAW**

Level: **Master of Arts**

Time to completion: Min. 18 and max. 30 mo.

Program's Description and Purpose: This is a graduate program designed to develop advanced knowledge of legal principles, ethical reasoning, and practical approaches to the application of law within a Christian worldview. Grounded in biblical principles and informed by established legal and scholarly traditions, the program examines the relationship between law, justice, morality, human dignity, social responsibility, and the common good. Students develop the ability to analyze legal and ethical issues, interpret legal principles, conduct scholarly research, communicate effectively, and apply sound reasoning to contemporary institutional, professional, community, and ministry contexts. The program emphasizes integrity, justice, truth, service, responsibility, and respect for human dignity, preparing graduates to contribute thoughtfully and ethically to organizations and communities in which legal and policy issues arise. The program is academic in nature and does not constitute a Juris Doctor degree or, by itself, confer eligibility to practice law or admission to any state bar.
